Ah, proofreading with Chibi Manga. Oh the glory. They're 5 years old and I've only been with them for almost a year. A year of proofreading for the most understanding and kind people. A year of knowing the getting a little too excited every time I work on my projects. A year of getting uncontrollable tingly feelings throughout my whole body just by opening the document. A year of postponing school work just because I literally got addicted to proofreading. And after all this, all the blood sweat and tears that came up because I felt the need to be so dedicated to such nice people which resulted in a lot of sleep deprivation and assuming school work. This probably sounds a bit over the top for a proofreader, but I choose all this hard work willingly on making it to 5. If something is worth doing, it's worth doing well. I salute you all! Even if you aren't reading readers
